

High Voltage Personal Security Grounding Wire (Earth Wire) 35–1000 kV

Category: Grounding, Earthing & Lightning Protection

Product code: personal-security-grounding-wire-35-1000kv

Copper personal-security earthing wire with a transparent sheath, supplied in matched voltage classes from 35 kV to 1000 kV so the lead, the cross-section and the voltage class always go together.

SPECIFICATIONS

Product Name	Personal Security Grounding Wire
Model Number	YJH Earthing Wire
Working Voltage	35 kV / 66 kV / 110 kV / 220 kV / 330 kV / 500 kV / 750 kV / 1000 kV
Conductor	Stranded copper, transparent PVC sheath
Cable Cross-section	25 mm² / 35 mm²
Copper Cable Length	3 / 4 / 5 / 6 / 8 / 12 / 15 m
Standard Configuration	35 kV & 66 kV: 3 m, 25 mm² · 110 kV: 4 m, 25 mm² · 220 kV: 5 m, 25 mm² · 330 kV: 6 m, 35 mm² · 500 kV: 8 m, 35 mm² · 750 kV: 12 m, 35 mm² · 1000 kV: 15 m, 35 mm²
Termination	Dual-hole copper lugs, hydraulic crimp, heat-shrink sealed
Sheath Colour	Transparent
Application	High voltage earthing and personal security grounding
Brand Name	YJH POWER
Place of Origin	Hebei, China
